

Is LegalTech the same in different countries?

Poland

- One on hand, everyone is talking about LegalTech and there are many organizations and people who promote it
- Some law firms have adopted LegalTech solutions and clearly see the benefit and ROI
- On another hand, many law firms are slow and reluctant to adopt it, pronouncing **false** assumptions:
 - ,We got by so far without it so we don't need it'
 - ,It is too expensive'
 - ,LegalTech is a trend, a fashion that will pass away'
- LegalTech enthusiasts should continue promoting it and helping the stragglers to ,see the light'
- How to adopt LegalTech? Please take a look at my blog post: <https://www.koniecznyconsulting.com/legaltech-thoughts-3/>
